

WINOOSKI MAN UNDER ARREST

Charles Fitzpatrick Accused of Being the Recent Firebug

THERE WERE SIX FIRES SINCE SEPT. 20

Young Fitzpatrick Is Said to Have Been Acting Strangely

Burlington, Sept. 30.—After a hearing at Winooski yesterday afternoon, conducted by State's Attorney Allen Martin of Essex Junction, Charles Fitzpatrick, Jr., was arrested on a charge of arson and placed in the Chittenden county jail. An investigation has been in progress concerning the six incendiary fires that have occurred in Winooski since Sept. 20, the last two Saturday and Sunday nights occurring at the Fitzpatrick house on East Spring street. Saturday evening the barn was set on fire and Sunday night a blaze started in the cellar of the house.

The other fires were at the Stevens barn, Oliver Parizo's barn, Thomas Parizo's barn and John C. Flint's barn, all in the vicinity of the Fitzpatrick residence. Suspicion was directed to the young man because of his strange actions that have been noticed for several weeks. His brother, William Fitzpatrick, was also examined.

The accused is a graduate of St. Michael's college and until recently has been a law student at Fordham university, New York City. He was in the navy during the war and was employed as a French interpreter in New York. His difficulties have been brought on by overstudy. He is a brother of Rev. Raymond Fitzpatrick of Chateaugay, N. Y., and a nephew of the late Rev. Daniel J. O'Sullivan.

RED CROSS WORKER SICK TWO YEARS TELLS HOW SHE GOT WELL

Miss G. L. Baird of 30 Glenville avenue, Allston, Mass., writes: "I have been sick almost two years, had four doctors with little or no relief. I was growing thin every day, went from 135 to 111. I was so discouraged I didn't know what to do. One night about three weeks ago I picked up a paper and saw your Dr. True's Elixir. Family Laxative and Worm Expeller, advertised. I made up my mind I had worms, and the next day bought a small bottle of Dr. True's Elixir. I was surprised at the result, stomach worms some a finger long, so much alive, that looked as though it was just the skin of worms. The day before I took Dr. True's Elixir, I thought I should go wild with the crawling in my stomach. I feel like a new person, all my friends say I look so much better. I wouldn't believe anyone could feel so much better in such a short time. I can't give your medicine praise enough."

Signs of worms: Constipation, offensive breath, swollen upper lip, sour stomach, deranged stomach, occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, red points on the tongue, starting during sleep, slow fever. Dr. True's Elixir, The Family Laxative and Worm Expeller, is sold by ALL DEALERS.—Adv.

Brattleboro Girl Also Has a Penchant for Adventure.

Brattleboro, Sept. 30.—Martha Caruth, postal telegraph messenger, was taken to the industrial school in Vergennes yesterday by Deputy Sheriff Fred Crosby to remain during the rest of her minority. She was 15 years old Feb. 22, so she will remain in Vergennes until Feb. 22, 1922, when she will be 18.

Several months ago Miss Caruth was adjudged delinquent by the juvenile section of the municipal court and was placed in charge of her sister, Mrs. S. A. Crossman. She disappeared and was away several weeks, returning a short time ago and taking the position of telegraph messenger.

Last week Monday she was brought into the municipal court and Judge A. E. Cudworth placed her on probation in charge of Probation Officer W. A. Shumway, and she returned to work and it was thought she would give a good account of herself.

Late in the week reports came to Mr. Shumway that some articles were missing from some of the stores, among them a sweater. The girl told him she bought the sweater and would show him the bill of sale for it Friday morning at 8 o'clock. As she did not report Mr. Shumway went to her room and found the sweater, taken from the Huntress-Adams store, also a skirt taken from Houghton & Simonds. The girl had disappeared.

Later it was learned that Miss Caruth hired a livery team at Tucker's stable, saying she was Mrs. Robert Crosby and wanted to drive to Putney after her husband. Instead she drove to Brattleboro and inquired the way to Winchester, Mass., and it was through that inquiry and the description of the girl and the girl that Mr. Tucker learned Saturday that the team was headed for Winchester.

Mr. Shumway, Sheriff Frank L. Wellman and a man from the stable went by automobile to Winchester Saturday night about midnight and found the girl in the home of her brother, George Caruth. She said she stayed in Orange Friday night. The horse was found in a stable in Winchester.

Admiral Andrews Has Instructions to Maintain Order

DIFFICULT TASK TO PREVENT CLASHES

Both the Italians and Slavs Accuse Him of Favoring the Other

Rome, Monday, Sept. 29.—Admiral Andrews, who is in command of American naval forces in the Adriatic, has been instructed to maintain order at Spalato, where he is stationed on board the cruiser Olympia, and has at his disposal seven destroyers and two submarine chasers.

The task before Admiral Andrews is very difficult, as feeling runs high between the Italians and Slavs and he is obliged to frequently intervene to prevent serious disorders. Reports state that as a result both parties accuse him of siding with their opponents. The cruiser Olympia, formerly Admiral Andrews' flagship, has been sent to Constantinople, where it has been joined by seven destroyers which have been stationed in Turkish waters.

Sir Edward Carson Issues Manifesto to His Supporters Calling Upon Them to Rally.

London, Sept. 30.—It is expected the cabinet will again discuss a settlement of the Irish problem during the present week, according to the Mail.

Sir Edward Carson, who was prevented by the strike from attending the Ulster day demonstration at Belfast, sent the following telegram to his supporters: "The conspiracy against our civil and religious liberties, backed by cruel assassinations in Ireland and lies and misrepresentations in America, to separate us from the British empire, must be countered by the organization of all our forces. We stand by our covenant in the letter and spirit and, with God's help, will defeat our enemies as we did before."

WORLD SERIES OPENS AT CINCINNATI TOMORROW

Every Seat for the Opening Clash with Chicago Has Been Sold—White Sox Arrived To-day and Will Have Work-Out This Afternoon.

Cincinnati, Sept. 30.—With the stage set for the opening of the world's series to-morrow, Cincinnati assumed a gala appearance to-day as throngs of visitors began to arrive.

With every one of the 35,000 seats sold, unlucky applicants for tickets were willing to pay almost any price for a seat for the opening. If ticket speculators had any seats for sale they did not advertise their wares. There were a few individuals, however, who demanded from \$50 to \$75 for a set of box seats for three games. The face value of these tickets was \$16.50. The holders of these tickets were particularly anxious to sell even at the prices asked.

The White Sox arrived from Chicago early to-day and went directly to their hotel. They will take a light work-out at Redland field this afternoon, at the invitation of Pat Moran. The Reds also will have light practice.

All members of the Cincinnati club were reported to be in perfect condition with the exception of Heinie Groh, the very capable and third baseman, whose broken finger is still bothering him. The injury, however, will not keep him from starting the series, and he hopes to be able to play all the way through.

It is generally believed that Moran will start either Walter Ruethe or Slim Sallee. Sallee pitched two games against Chicago in the world's series two years ago and Moran believes that his style will give the White Sox the most trouble.

That Eddie Cicotte, the pitching ace of the White Sox, will be Manager Gieson's selection for the opener is accepted as a certainty. The remarkable right-knuckled ball pitcher, who has 35 victories to his credit this season, is prized to face the Reds in the initial combat.

SPAULDING SHOWING UP WELL IN FOOTBALL

Squad Is Keeping in Good Condition for the St. Johnsbury Academy Game in Barre Next Saturday.

Striving to keep in the best of condition for Saturday's game with St. Johnsbury on the home grounds, Spaulding high school is continuing practice almost daily. This afternoon it will compete once again with the South End team, which it met and defeated a week ago, 14-0. A few changes, for the better, have been made in the line of the defeated, so a much closer contest is sure to result when they meet this afternoon. As yet, the high school team has not been defeated by either the North or South End teams, both of which are composed of robust young men well versed in rugby tactics. The game is scheduled for 4:30.

This high school team has shown wonderful progress under the coaching of Prof. Robert Ross and the present outlook points toward a very successful season. Some changes are being made at the Lincoln campus for the welfare of the football adherents. Ropes are going to be placed about the entire field to prevent a recurrence of last Saturday's performance when many of the excited witnesses rushed onto the field for a better view of the play in action. The baseball bleachers which are at the extreme east end of the field, under the shade trees, are to be moved down along the sidelines near the center of the field, thereby giving an excellent view of the entire campus.

Season tickets have been issued which give the purchaser an opportunity to see four games for \$1, whereas, should he pay at each game it will cost him 30 cents each time. Students of the school can obtain these for half price. Schedule: Oct. 4—St. Johnsbury at Barre. Oct. 11—Burlington, place undecided. Oct. 18—St. Johnsbury at St. Johnsbury. Oct. 25—St. Albans at Barre. Nov. 1—Montpelier high at Barre. Nov. 8—St. Albans at St. Albans. Nov. 15—Burlington, place undecided. Nov. 22—Burlington, place undecided. Note—One of the two Burlington games Burlington.

BRITISH TROOPS PROTECT ROADS

Are Equipped With Machine Guns and Many Rounds of Ammunition

STRIKERS RESENT THE USE OF SOLDIERS

Apparently They Fear That Troops Will Be Used as Strikebreakers

London, Sept. 30.—Employment of troops to protect railroad property is resented by strikers at some places, apparently through the fear that the soldiers may be used as strikebreakers.

Speakers at a meeting at Nunster, Warwickshire, warned the government that serious consequences would follow the employment of troops. Dock laborers at Newport, Monmouthshire, have threatened to strike if soldiers interfere with railwaymen.

The Herald, a labor organ, features what it describes as an "ominous movement of troops" and complains that "everything is done to give an air of violence to what on the men's part is a peaceful, lawful movement for better wages."

Distribution of troops to various centers with machine guns and many rounds of rifle ammunition, is reported, but there is nothing to indicate more than precautionary measures to protect depots and other property.

weeks. A little over a week was used for a vacation and the remainder of the time was spent at Boston university, taking a special course prepared especially for rural workers. The people were glad to welcome home the pastor and his family and on Sunday morning he was greeted with a good audience, which listened attentively to a very able sermon. The subject was, "The Voice of the Pulpit." The text, "I have a message for you," and it certainly was a message that everyone should have heard. Mr. Goddard outlined the kind of a message that should be brought to the people by the pastor, that it should be instructive, dealing with present-day conditions and issues in the commercial world and the political world as well as in the moral world. Being in Boston during the recent policemen's strike and knowing by experience the horrors of it, he used it to illustrate conditions that are general all over the country. He showed plainly the cause of such conditions, why there are thugs—lack of training in the home, the school and the church. He also gave the remedy, which is the Bible—the open Bible in the home, in the public schools and more of it in the church to teach the youth, yes the grown person, that the only life really worth while is the one built on the Bible as a foundation; that the crisis through which our nation is passing will result in defeat unless the people are educated in God's word and taught to obey his laws. The evening's address was equally as good; the subject, "The Voice of the Pew," showed those who sit in the pew what their duty is to help bring about a relief from conditions described in the morning's address. Personal evangelism was the keynote. Next Sunday union services will be held at the Methodist church. The subject of the address will be "Industrial Democracy." Everybody invited.
